2. Publishing activity:

An advanced study center, the use of the most advanced and sophisticated office automation technologies, the team-work attitude in a young and flexible environment, a constant research activity, have gradually transformed the Law Firm in an authentic "ideas and solutions lab", with a rich editorial and electronic publishing activity. Some of the internally developed operating tools have become a spread and shared asset of knowledge for many professionals.

3. Remote access point to many public services:

The Law Firm is able to take care of all Your needs concerning Public Administration matters and the so called ... "Italian red tape". Ask for Your digital secured signature and enter the new world of electronic exchanges.

4. A new concept of consultancy

The "Family Office": a new way to preserve and to enhance Your family assets in an increasingly challenging and risky environment. Ask for more information.

5. Full internet access to many of the Law Firm facilities and functionalities

QuickManager® is a project developed by "Studio Professionale di Diritto Tributario e Societario Zanichelli": it's constantly supported by the contribution of a pool of Chartered Accountants (*Dottori Commercialisti*), operating in the NorthWestern part of Italy, close to Malpensa Intercontinental Airport.

Through internet (www.quickmanager.it) many are the interactive services supplied, 24 hours a day, 365 days a year.

Your serenity, Your safety and Your growth are our goal. Your success is our "mission".
